LINDEX Chipping Systems

CNS4 4-SIDED KNIFE SYSTEM

Featuring 4-Sided Knives
That Can Be Re-Sharpended
Multiple Times

LINDEX CNS4

KNIFE SYSTEM

Designed for high speed and tough applications to give quality chips and finishes with simplicity.

There are fewer components than other systems. The holder is inlaid with carbide to reduce wear. Knife changes will be quicker than with other systems. There are no clamps to remove. Just replace the knife.

The costs of running **CNS 4** by **LINDEX** will be dramatically less due to a 4-sided regrindable knife, and fewer parts to purchase.
